

We can only attempt to describe...
what can only be experienced.

DALE CHIHULY GLASS SCULPTURE

Visitors to the SoHo Metropolitan Hotel are welcomed by an original Dale Chihuly glass sculpture suspended above the entrance. Unveiled in late 2003, this custom installation is comprised of 80 brilliantly complex, hand-blown glass discs of dazzling colours. It serves as an apt symbol of the vibrant lifestyle of the SoHo Met and its community.
